Expanding to Global Expectations

Born in India, Lakhani India Ltd, is a front-running enterprise that spreads aspiring wings to respond to the global demands of life. The company is now operating in six verticals, namely:

- Railway Electrification Structures
- High Mast, Polygonal/Conical Poles & Steel Tubular Poles
- Polymer Products
- Steel Tubes, Pipes & Poles
- Metal Beam Crash Barrier
- Transmission Line Towers & Substation Structures

Deeply imbibing the Indian philosophy where ‘customer is the king’, we are set to mortgage itself to conquer the confidence of global customers, thus making its dream of emerging as a major global company come true.

Mission

To deliver world-class products at competitive prices, on demand as well as provide superior service to customers by developing leading-edge solutions in technology and processes, providing opportunities for inclusive growth for our employees, by nurturing human resource, so that all our partners can share the pride of success.

Vision

To be an industry benchmark across all verticals, while becoming the supplier of choice, delivering premium products and services, creating value with our customers and demonstrating high ethical standards.
Dear Friends,

"Growth is the only evidence of life", a quote by John Henry Newman is something our ideals completely correspond with. Hence, we have transitioned into becoming Utkarsh India Limited from Utkarsh Tubes and Pipes Ltd., widening our horizons into providing infrastructural solutions. And I firmly believe that a nation grows when its infrastructures grow, hence it is a humble step in that direction.

We have been making our way into more lives by providing our services and products of good value. We, at Utkarsh have branched out to different infrastructural arenas like telecom towers, transmission line towers, substation structures, poles and masts for lighting and distribution, road crash barriers, railway electrification structures and polymer products. Empowered with this diversification, Utkarsh India Limited has taken a step further and gone global, aiding in infrastructural development across several countries. This is a distinctly proud step for us as our expertise is helping not only add pace to the infrastructural enhancement of the country but also contributing to the growth of foreign nations.

In the 40 years of our presence, Utkarsh has been scaling the mountains of success which could not have been achieved without a team of the excellent trekkers, who are our employees. This group of innovative, talented and passionate young people has brought a modern vision into the organization. A strong, experienced management ensures a smooth flow of the inner workings quite like our pipes do for our customers. This perfect balance between management and co-workers is what gives Utkarsh its efficiency.

Sticking to our corporate ethos - 'Life demands, We deliver', we bring the strong promise of consistency and reliability ensuring optimum consumer satisfaction. ‘Consumer first’ is the motto that drives us to bring you quality.

We could have never reached out to the world with our products without the worthy associations of our suppliers, distributors and dealers and my gratitude extends to all of them. I firmly believe that Utkarsh, along with all its associates will emerge as the finest infrastructural brand in the recent future.

Regards,
Sunil Bansal

Captive Plant

- Approved PART I, CORE Allahabad for Railway Structures
- Owns “Powergrid” approved manufacturing plant spread over 5,00,000 sq. ft. covered area
- Fully automated state-of-the-art fabrication facilities having installed capacity of 50,000 MTPA
- 8 Angle and Plate CNC Lines
- 3 in-house galvanizing plants upto 12.5m in length
- In-house facilities for conducting routine & acceptance tests in accordance with relevant standards for Railway Electrification Structure
- Imported machinery and latest technology is used for manufacturing
- Supplied over 50,000 MT CORE Structures

Railway Electrification Structures
We are an RDSO/CORE PART I approved vendor to manufacture and supply all ranges of structures, like Portals, Masts, Beams, Girders, Small Parts Steel, Substation Structures and special type of structures and Galvanized ERW Steel Tubes and Counter Weight Guide Tube (RI-NO. 5063-1).

Versatile Offerings
At Utkarsh, we offer our customers CORE approved full-range-cum-divers product basket.

Fabricated and Galvanized Steel Structures for OHE & TSS
RSJ MAST | BFB MAST | B SERIES MAST | TTC MAST | PORTAL | SPS | TSS

Galvanized ERW Steel Tubes & Counter Weight Guide Tube
(RI- No. 5063-1)
