Expanding to Global Expectations

Born in India, Utkarsh India Ltd. is a front-running enterprise that spreads aspiring wings to respond to the global demands of life. The company is now operating in six verticals, namely:

- Transmission Line Towers & Substation Structures
- High Mast, Polygonal/Cylindrical Poles & Steel Tubular Poles
- Polymer Products
- Steel Tubes, Pipes & Poles
- Metal Beam Crash Barrier
- Railway Electrification Structures

Deeply imbibing the Indian philosophy where ‘customer is the king’, it’s all set to mortgage itself to conquer the confidence of global customers, thus making its dream of emerging as a major global company come true.

Empowering Life to Thrive...

Utkarsh offers turnkey solutions for the following type of Steel Towers & Structures, including engineering designs, drawings, manufacture, supply and installation:

- Transmission Line Towers up to 765KV
- Transmission Poles
- Steel Structures for Emergency Restoration System for Transmission Line
- Substation Gantry and Equipment Support Structures
- Microwave Towers - Ground Based and Roof Tops (Lattice, Pipe & Hybrid)
- Railway Electrification Structures (CORE Approved)
Mission
To deliver world-class products at competitive prices, on demand as well as provide superior service to customers by developing leading-edge solutions in technology and processes, providing opportunities for inclusive growth for our employees, by nurturing human resource, so that all our partners can share the pride of success.

Vision
To be an industry benchmark across all verticals, while becoming the supplier of choice, delivering premium products and services, creating value with our customers and demonstrating high ethical standards.

The Identity
Utkarsh, as the name suggests, is a responsive business house serving the basic demands of life and committed to making the quality of life better. The brand statement ‘Life demands, we deliver’ confers its corporate identity an excellent image reflecting dynamism, capability, commitment, empathy, consistency and continuity. The embedded philosophy is the responsiveness to the ever-changing demands of life. The new logo of Utkarsh, with a bold font represents strength and growth. The dynamic vision of growth with which we have been striving ahead towards the challenges of life is captured in the swoosh. It reflects a more youthful and futuristic image of ours and our strong, sturdy and bold attitude in delivering the best. The green represents ‘Life and its newer demands,’ while the blue reflects technology and corporate commitment. The coming together of these two elements is symbolic of the effective way in which we have been responding to the several requirements of life of with an arsenal of technology and collective corporate dedication.
Dear Friends,

“Growth is the only evidence of life,” a quote by John Henry Newman is something our ideals completely correspond with. Hence, we have transitioned into becoming Utkarsh India Limited from Utkarsh Tubing and Pipes Ltd., widening our horizons into providing infrastructural solutions. And I firmly believe that a nation grows when its infrastructures grow, hence it is a humble step in that direction.

We have been making our way into more lives by providing our services and products of good value. We, at Utkarsh, have branched out to different infrastructural arenas like telecom towers, transmission line towers, substation structures, poles and masts for lighting and distribution, road crash barriers, railway electrification structures and polymer products. Empowered with this diversification, Utkarsh India Limited has taken a step further and gone global, aiding in infrastructural development across several countries. This is a distinctly proud step for us as our expertise is helping not only add pace to the infrastructural enhancement of the country, but also contributing to the growth of foreign nations.

In the 40 years of our presence, Utkarsh has been scaling the mountains of success which could not have been achieved without a team of the excellent trekkers, who are our employees. This group of innovative, talented and passionate young people has brought a modern vision into the organization. A strong, experienced management ensures a smooth flow of the inner-workings quite like our pipes do for our customers. This perfect balance between management and co-workers is what gives Utkarsh its efficiency.

Sticking to our corporate ethos- ‘Life demands. We deliver,’ we bring the strong promise of consistency and reliability ensuring optimum consumer satisfaction. ‘Consumer first’ is the motto that drives us to bring you quality.

We could have never reached out to the world with our products without the worthy associations of our suppliers, distributors and dealers and my gratitude extends to all of them. I firmly believe that Utkarsh, along with all its associates will emerge as the finest infrastructural brand in the recent future.

Regards,

Sunil Bansal
CMD
Captive Plant

- Owns two manufacturing units for Transmission Line towers, approved by "Powergrid", spread over 6,00,000 sq. ft, covered area.
- Fully automated state-of-the-art fabrication facilities having installed capacity of 1,00,000 MTPA.
- 7 Angle and Plate CNC Lines.
- 3 in-house galvanizing plants up to 12.5m in length.
- In-house facilities for conducting routine & acceptance tests in accordance with relevant standards for Transmission Line Towers.
- Imported machinery and latest technology is used for manufacturing.
- Approved PART I, SOURCE CORE Acharbad: For Railway Structures.

Design Engineering

Design department with latest hardware and AutoCAD software to meet specific customer requirements.
A system in place to prepare GA drawing from line diagram and subsequent shop floor drawing for fabrications.

Light House ERP - Dedicated for Transmission Line Tower division; it is a complete ERP application which involves modules such as purchase, inventory, production & planning, sales and dispatch. This application has reduced the scrap and wastage calculation which was humanly not possible to calculate, as there are many production related parameter that are taken into consideration.
Transmission Line Towers & Substation Structures

At Utkarsh, we offer our customers a full-range-cum-diverse product basket of Overhead Transmission Line Towers ranging CHT/HT/UHT, HV/D to AC (single, double, multi-circuit) Towers in India & abroad.

Some typical type configuration produced at Utkarsh are shown below:

- 800KV HDVC Towers
- 765KV D/C Towers
- 765KV S/C Towers
- 400KV D/C Towers
- 400KV M/C Towers
- C-Vertical
- Horizontal/Wasp Waist Type Towers
- B-Delta/Cat Head Towers
- Single Circuit Towers

Within each transmission line, there are 15-20 structures including basic bodies, body extensions, leg extensions, stubs and templates.
Substations

Design & Detailed Engineering

- Design: Electrical, civil, structural and auxiliaries up to 765kV
- Drawing and documentation, detailed engineering
- In-house capability to design switchyard layout structures, control room, earth mat, firefighting auxiliary power supply, illumination, erection key diagrams
- Project planning and coordination, manufacturing equipment support and Gantry Structures at our manufacturing facilities
Transmission Poles

Steel Distribution and Transmission Poles (Polygonal) are fabricated from hot rolled high tensile steel by pressing a hexagonal sheet or a press brake and welded. The poles are designed according to ASCE Manual No. 72 consistent with the strength and serviceable requirements.

Due to our extensive experience, national coverage, resources and manufacturing capacity, we have the ability to provide the most comprehensive and congruent product range available in the marketplace. Uttaraksh’s product range is comprehensive and complimentary for various client requirements.

Railway Electrification Structures

We are an RDSO/CORE PART I approved vendor to manufacture and supply all ranges of structures, like Portals, Masts, Beams, Girdles, Small Parts Steel, Substation Structures and special type of structures and galvanized ERW Steel Tubes and Counter Weight Guide Tube (R-1 No. 5063-1).

Versatile Offerings

At Uttaraksh, we offer our customers CORE approved full-range-cum-diverse product basket.

- RSJ MAST
- BFB MAST
- B-SERIES MAST
- SPECIAL MAST
- TTC MAST
- PORTAL
- SPS
- TSS STRUCTURE
Quality Benchmarking

We are committed to stand united to achieve customer satisfaction through quality of our products and services, which is ensured by continual improvement of our system, process, product & resources.

Quality Objectives

- Increase in customers’ satisfaction
- Reduce quality complaint (both internal & external)
- Quick delivery of products
- Increase in sales turnover
- Increase in productivity
- Improvement in competence of personnel
- Maximum utilization of existing resources
- To establish a brand image in the market
Corporate Social Responsibility

We, at Utkarsh are committed to engage in the continual improvement in the occupational health, safety and environment and to achieve this, the forerunners of the company comply by certain policies:

- Endeavouring to develop the culture of resource conservation and pollution prevention
- Providing expert training and programmes to the concerned personnel who are directly associated with the manufacturing processes in the company
- Respecting the mother nature and controlling environmental health hazards
- Work as a team in our effort to achieve the objective of the company

Environment Concerns

- Zero Discharge Plant
- Water Recycling after treatment
- Tree Plantation in neighbourhood
- OHSAS 18001 Certified
- ISO 14001 Certified

Global Footholds

Utkarsh India Limited (Formerly Utkarsh Tubes & Pipes Limited) has achieved the EEPC India Award for Export Excellence and gained footholds in the following countries:

- Germany
- Australia
- Canada
- Denmark
- Iraq
- Kuwait
- Martinique
- Mozambique
- Nigeria
- Northern Ireland
- Reunion Islands
- Sierra Leone
- Sri Lanka
- United Arab Emirates
- United Kingdom
- Western Europe
